

# T11 EVO

- 1 **High-performance engine** [Art. No. 111.303]  
Extremely efficient, with 1.200 watts of power and 270 mbar max. suction for excellent performance on all surfaces. Low noise level of only 64 db(A) and can be used optimally during business hours.
- 2 **Cable-hook** [Art. No. 112.103]  
Unique, lockable cable hook to ensure secure fixing of the power cable to the device.
- 3 **Accessory slots and parking position**  
Two standard parking positions on the motor head for combination nozzle or accessories, such as the Turbo-brush, and 4 accessories slots on the rear.
- 4 **Power-control** [Art. No. 109.050]  
Power regulation switch on the motor head, for easy adjustment of the suction power.
- 5 **Motor protection filter, changeable** [Art. No. 106.047].
- 6 **Fleece-filter basket** [Art. No. 111.125]  
Longlasting, washable Fleece-filter basket. Very easy to clean and constantly reusable.
- 7 **Fleece-filter bag** [Art. No. 106.013]  
5-layer, closable Fleece-filter bag with a high filtration-performance and large bag-volume of 9 liters (net).  
Cost pressure? Also operational without the fleece-filter bag; the washable fleece filter basket allows permanently bagless work.
- 8 **Container complete** [Art. No. 111.126]  
Long-lasting and resistant dirt container with all-round bumpers  
Non-tilting chassis with integrated castors and back wheels.
- 9 **Hose connector** [Art. No. 106.035]  
Simple hose click-system guarantees easy handling.
- 10 **Suction hose** [Art. Nr. 106.025]  
Flexible and hardwearing suction hose complete with connection sleeves and angled Ergo-handle.
- 11 **Ergo-handle** [Art. No. 106.033]  
Ergonomically designed handle for long, comfortable operation.
- 12 **Suction tube** [Art. No. 106.026]  
High quality Aluminiumtubes, 0,5 m, light and very stable.
- 13 **Floor nozzle** 306 mm [Art. No. 111.307]  
Extra wide, switchable floor nozzle for efficient cleaning of all carpets and hard surfaces.
- 14 **Power cord** [Art. No. 106.017]  
10 m long power cord for a large cruising radius and long, efficient daily work without replugging.
- 15 **Optional Upholstery nozzle** [Art. No. 106.028]  
Combined upholstered and furniture nozzle with detachable brush for use on upholstery or hard surfaces.
- 16 **Optional Crevice nozzle** [Art. No. 101.023]  
Extra long 23 cm, suitable for cleaning hard to reach and all narrow spaces.

Can easily be carried in one hand.

Closable, voluminous cable-hook.

Parking position on both sides of the motor head.
